Life on the International Space Station

Some people dream of travelling into space. However, life in space is not very easy. Here are some of the problems that people on the International Space Station (ISS) have.

- 1 Having lunch on the ISS is very difficult because there is no gravity in space, and things never stay where you put them. Food comes in plastic containers because the food can't stay on a plate.
- 2 When they go outside, people wear special clothes, because there is no atmosphere in space. It is also very cold in space. Inside the ISS, people can wear ordinary clothes.
- 3 You can't have a shower in space because the water doesn't stay in one place. People wash with a sponge with water and soap.
- 4 People on the ISS can't sleep in normal beds, because their bodies don't stay in the bed. They use special sleeping bags on the wall.

If you want to have a holiday in space, remember that life there is very different from life at home. And if you don't like it, you can't take a train or bus home!

- 10 Today his pictures are very expensive.

b Look at the highlighted words. What do you think they mean? Check with your dictionary.

A famous painter

Today the artist Vincent van Gogh is very famous, but he was never famous during his life.

Vincent was Dutch. His family was from a small village in the Netherlands. His brother, Theo, was a very important person in his life. Vincent was usually poor, but his brother always helped him with money.

Vincent was always good at painting, but he had many different jobs. He worked for an art company, and in a bookshop, and he was a teacher. He was interested in religion, and he wanted to study theology, but he wasn't a very good student. When he was 27 he started to work as a painter. He lived in Belgium, the Netherlands, and France, where he was with his friend, the painter Paul Gauguin. But Vincent was never really happy, and he was often not well. When he was only 37, he ended his life.

When Vincent was alive, he wasn't famous and his paintings weren't popular. Today his pictures are very expensive, and you can see them in art galleries all over the world.

b Look at the highlighted words. What do you think they mean?
Check with your dictionary.

Pompeii – a town with a difference!

On your next trip to Italy, why not visit the fantastic Roman town of Pompeii?

In the past, twenty thousand people lived in Pompeii in big houses with big gardens. The Romans built roads in the town and there were many public places like baths, amphitheatres, banks, and markets.

There wasn't any electricity and people got up with the sun. For breakfast they had bread and cheese. People started work very early and stopped at twelve o'clock for a lunch of fish, bread, cake and fruit. In the afternoon people went to watch the gladiators or to the public baths to wash and meet friends. In the evening they often had dinner parties – they were an important part of Roman life.

But life in Pompeii stopped in 79 AD when the volcano Vesuvius erupted. Today you can see the town exactly as it was nearly two thousand years ago.

The Future of the World's Weather

Nobody can be sure what the weather is going to be like in the future, but many people think there are going to be some changes.

Scientists say that in many places it's going to be hotter and it's going to rain less. Countries in Africa and Asia are going to become very dry all year, and it's going to be impossible for people to find food and water. In Southern Europe and the United States it's going to be more difficult for plants to grow. People there are also going to have problems finding food in the future.

Nobody knows exactly how much the temperature is going to go up, but scientists say that the change is going to be at least 2°C. They predict that the ice in the Arctic and the Antarctic is going to melt in the next hundred years and a lot of the animals there are going to die. There is also going to be more water in the oceans of the world so cities on the coast are going to disappear.

Another problem is that the weather is going to become more extreme. Scientists say that there are going to be more hurricanes and typhoons in the future. These storms are going to happen all over the world and many people are going to lose their homes.

THE CD-ROM**

The copyright in this CD-ROM ("the Software") and in any associated documentation is owned by Oxford University Press ("OUP"). By using the CD-ROM, you agree to be bound by the terms of this licence. If you do not accept the terms set out below then do not use the CD-ROM. Return the disc unused in the original package to the dealer from whom you obtained/bought it together with proof of purchase for a full refund.

1. LICENCE

OUP grants you the non-exclusive non-transferable right to use the Software on a single computer of the type specified in the packaging. You may not network the Software.

2. USE OF THE SOFTWARE

2.1 Without prejudice to any statutory rights so to do and except as expressly permitted by this licence, you must not modify, adapt, distribute, transmit, transfer, publish, reproduce or alter any of the Software or any associated documentation.

2.2 Recognising the damage to OUP's business which would flow from unauthorised use of the Software and any associated documentation, you will make every effort to keep the CD-ROM and associated documentation secure both during the continuance of this licence and after its termination.

3. TERMINATION

You may terminate this licence at any time by destroying the Software and any associated documentation. This licence will also terminate if you breach any of its terms.

4. WARRANTIES

4.1 OUP warrants that the Software will be free from defects in materials and workmanship under normal use and will conform to the published specification for 90 days from the date you receive it.

4.2 The above warranty is in lieu of all other warranties express or implied and representations and in particular but without limitation to the foregoing:

4.2.1 OUP gives no warranties and makes no representations that the Software will be suitable for any particular purpose or for use under any specific conditions notwithstanding that such purpose or conditions may be known either to OUP or the dealer from whom you acquired the CD-ROM;

4.2.2 OUP accepts no responsibility for any

mathematical or technical limitations of the Software; 4.2.3 OUP does not warrant that the operation of the Software will be uninterrupted or free from errors.

5. LIMITATION OF LIABILITY

5.1 The entire liability of OUP and its suppliers and your exclusive remedy shall at OUP's option be return of the price paid for the CD-ROM or replacement of the CD-ROM disc.

5.2 Save in the case of death or personal injury, in no circumstances will OUP or its suppliers be liable for any damages whatsoever (including without limitation damages for loss of data, loss of business, loss of profit, goodwill or any other consequential losses of any nature) arising out of the use or inability to use the Software or any associated documentation.

Grammar Quizzes

There is a Grammar Quiz for each File of *New English File Beginner* containing 20 questions. Test your grammar after each File of the Student's Book, and do the quiz again later to see if you can improve your score.

Practical English

Listen and watch more 'People in the street' interviews. You can listen and match the speakers with what they say and then listen again with the script.

Vocabulary Bank

These exercises revise the words and phrases from the Vocabulary Banks on pages 102–116 of the Student's Book. Use them every time you complete a Vocabulary Bank to test your vocabulary and improve your pronunciation and spelling.

Sound Bank

This shows you how to pronounce all the vowel and consonant sounds of English and helps you to learn phonetic symbols and become a better dictionary user. Each sound has extra example words.

Words and Phrases to Learn

These exercises revise the 'Words and Phrases to Learn' from each lesson of the Student's Book. Use them every time you complete a lesson.
